DESKTOP VERSIJA

Mājaslapa izstrādāta kā modernas, sievišķīgas un kustībai veltītas vizuālās identitātes centrs.

Izveidoju logo, krāsu paleti un kopējo estētiku, kas atspoguļo zīmola vērtības: kustību, eleganci un komfortu. Lapa veidota kā pilns e-komercijas risinājums ar pārdomātu produktu prezentāciju, vienkāršu navigāciju un mūsdienīgu, vieglu dizainu.

MOBILĀ VERSIJA

Mobilā versija pielāgota Shopify videi kā stāstošs, uz zīmola identitāti balstīts risinājums — ar tīru izkārtojumu, izceltām vizuālajām detaļām un vienkāršu pāreju starp lapām. Fokusēju dizainu uz zīmola atmosfēru, nevis agresīvu pārdošanu, lai lietotājs jau telefonā sajustu zīmola estētiku un vērtības.
